

Core User Profile:

User 1: Kevin a 40-year-old gay married man.

Notes:

- Kevin just moved to Toronto one Month ago and is looking to create his own friendships as he doesn't have a lot in common with his husbands friends
- Kevin is fairly more active than Peter
- Kevin has a strict fitness routine of running on Tuesdays, Thursdays, Fridays (1 hr + each) , and Sundays (long runs for 2hrs+). This is in training for a half marathon.
- Practical, organized, spreadsheet oriented, math degree, at times pessimistic, does better in small groups, exploring toronto.

Profession: Head of Data at Fintech.

Work Schedule 9a-6p.

Kevin's Husband: Peter 50 years old a well-known celebrity

Profession: Fashion director.

Notes:

- Peter lived in Toronto the past 40 years. So he has a well established friendships since childhood that he still speaks with very often.
- Peter tends to be more conservative
- Peter goes to the gym 3-5 times per week for 1 hr typically when Kevin is at work
- Practical, more unplanned than planned, struggles to decide, knows the city very well, enthusiastic.

Work schedule: flexible. Few weeks of 10 hr days , many days of career development, social media maintenance and celebrity activities in Toronto mainly.

Address: 4909 - 45 Charles st E, Toronto, Ontario, Canada.

Goals:

- Build a healthy social network outside of the bar scene, both individually and as a couple.
- Build a professional network in Toronto, New York and Miami
- Practice more intentional activities
- Have clear defined morning and evening routines for waking up and going to sleep that will stimulate him
